WATER SERVICE

Special Rules of Service

Schedule R

D
D
D
D

Unauthorized use of service

Unauthorized use of service is defined as any deliberate interference such as tampering with the Company's meter, connections, equipment, seals, procedure or records that result in a loss of revenue to the company. Unauthorized service is also defined as reconnection of service that has been terminated, without the company's consent.

Cost incurred to repair damage to company owned property installed on the customer's premise will be billed to the customer.

Charges for unauthorized use of service will be:

- a. time, material and transportation costs used in investigation or surveillance.
- b. estimated charge for water
- c. on-premise time to correct situation
- d. costs incurred to repair company owned property if any damage.

Reconnection of Service

Water service disconnected for unauthorized use of service shall not be reconnected until the customer furnishes satisfactory evidence of compliance with the company's rules and conditions of service and paid all outstanding service charges.

Late payment fee

An account having a balance left unpaid 30 days after the bill date is subject to a 1.0% late payment charge.

WATER SERVICE

Special Rules of Service (Continued)

Schedule R

Sprinkling

Company will specify the hours and days during which sprinkling will be permitted and will publish notice thereof in newspapers at the start of the sprinkling season or whenever conditions require a change and will permanently post such notice in its local office.

Temporary Disconnection

If service has been temporarily discontinued at the customer's request, a reconnection charge of \$100.00 per meter will be paid before service is reconnected.

Disconnection/Reconnection

If service has been disconnected for non-payment, a reconnection charge of \$100.00 per meter will be paid before service is reconnected.

Permanent Disconnection

Customers who wish to have their water service permanently discontinued, will be responsible for any and all costs associated with the physical disconnection of the service line from the utility's system.

Multiple Users

In situations where more than one user is being provided with water from a single service line, with a single shut-off device controlling the water flow, and if any one or more of the water users either will not sign up for service or will not pay for that service, then the responsibility for payment of future water charges must be assumed by the property owner until such time as the piping configuration has been modified to provide an individual shut-off valve for each water user in order to prevent the service from being disconnected for non-signup or non-payment.
